

Griggs Sword & Sirloin Adds Another Special

Spaghetti Dinners Joins Steak Specials

Jean Higgins

Would you believe that in a supper club you can order such specialties as two charcoal-broiled steak dinners for a total price of only \$2.95?

Well, you can on Monday nights at **Griggs Sword & Sirloin** in Southlan Shopping Center in Auburndale!

And starting Wednesday night will be another Super Duper Special at this popular spot: Spaghetti and meat balls... two dinners and **all you can eat** for only \$2.95!

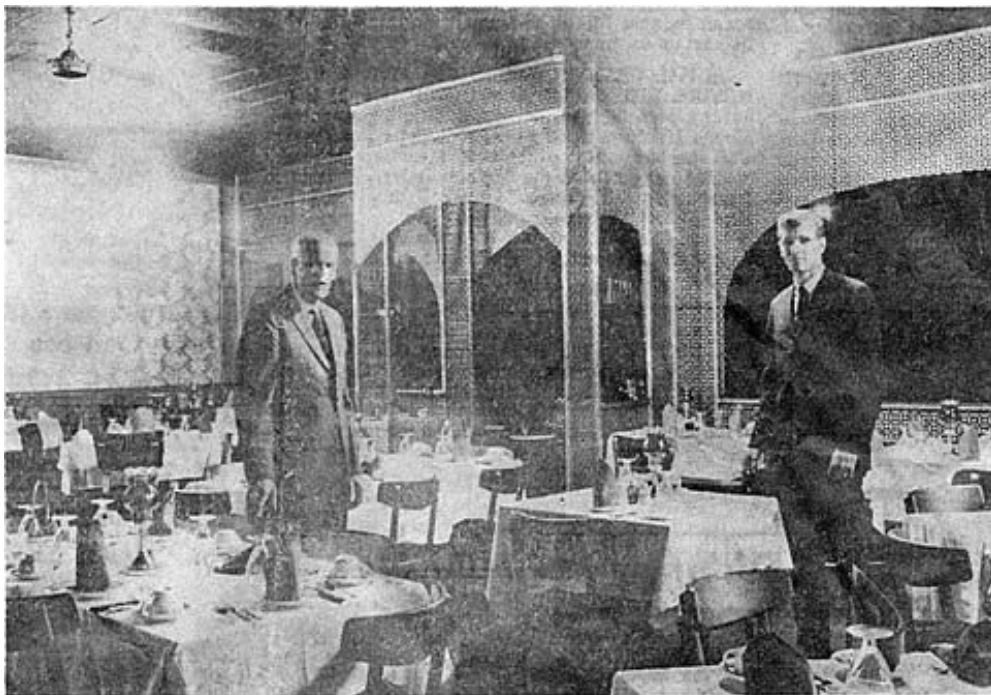

Then on Tuesday, Wednesday and Thursday nights you can order the Sirloin En Brochette for \$2.95 - or two for only \$3.95. Both this and Monday's Steak Special come complete with baked potato and tossed salad... with your choice of dressing. While the brand new Spaghetti Special will include salad and bread... and remember - as much as you want - you can have!

But these fabulous food specials are only part of the scene at **Griggs' Sword & Sirloin** . . . appearing right now, for example, is the top college dance band group with that Big Band Sound that goes by the name of **Ron and the Starfires**.

Discotheque-type music, is what these boys play... but this is danceable music for all age groups - and guess what - all those crazy way-out psychedelic lights are not part of their routine... instead, they concentrate on music and good rhythm... what with sax, horn, guitars and organ - drums... and then **Ron** on the vocals - think you'll like them!

Owners **Charley Griggs** . . . senior and junior are pretty proud of their **Sword & Sirloin**... it definitely has the supper - club atmosphere... and how many supper clubs have you frequented with prices like these?

You may not have realized it, but **Sword & Sirloin** offers, not one but two private banquet areas... one can take care of about 70 persons, the other about 30... or they can be opened up into one large private area for about 100 people.

Now, if you have any sort of banquet function coming up... Griggs' **Sword & Sirloin** would be a great place to stage it... you can either order direct from the menu or have a set dinner from \$2.50 - you can have your private bar set up in here for cocktails and all... and then during or after your dinner you can have a few whirls around the dance floor!

So . . . give either Charley a buzz when you have a special group event coming up . . . you'll be treated royally!

Naturally, Griggs **Sword & Sirloin** has all kinds of entree features in addition to the various specials . . . for example, how about a carved Sirloin Steak for Two - 28-ounces worth! - for only \$6.95! You can watch it being cooked... and oh that delicious aroma of a steak being broiled that wafts gently around you!

Team that with onion soup, a big fat relish tray full of ripe and green olives, radishes, celery, carrots etc.; a baked potato; a tossed salad with Roquefort dressing and French bread - and you have going for yourselves a real eating experience!

Or how about the **Surf & Sirloin**... featuring that great combination of steak and lobster tail, for \$3.95; or the garlic-cured sirloin steak, for \$3.25... or the sirloin filet for \$3.50.

In fact, **Sword & Sirloin** features all kinds of steaks: New York Strip, 16-oz. size... or a 20-ounce T-Bone, Porterhouse for \$4.95, Filet Mignon, or Club Steak!

Or, in the seafood line, try the broiled Lobster or the Fried Shrimp, done the **Sword & Sirloin** way... and don't forget the shrimp cocktail!

Back to **Ron and the Starfires** for a minute... the **Sword & Sirloin** staged the slight coup when they signed these boys up... they'll be here until the end of this month... for this group has been voted the Number One band in a college poll... they go all over playing for college dances... in fact, this is their first nightclub appearance! But' you'll like them... they concentrate on music instead of gimmicks!

So there you have it... either for an "up-town" type Saturday night out with good food and good music in most attractive surroundings... or for some of those Super Steak or Spaghetti Specials on their designated nights; or for any kind of a group get together you might have in mind... or just drop in-when you have your dancing shoes on for a few glides to the beat of the **Starfires** - whenever you go... bet you'll have a Ball! ♣
